

Employment Screening Solutions | EMPFacts

Kroll Factual Data's **Employment Screening Solution - EMPFacts**, provides customizable employee qualifying and screening systems, helping you efficiently gain insight into a job applicant's identity, criminal history, employment and educational background.

Kroll Factual Data specializes in helping employers thoroughly know and understand their job candidates while complying with the latest privacy and employment laws.

How EMPFacts Works

Request **EMPFacts** through our secure online system, available 24 hours a day, 7 days a week. Primary data, including address history, employment history, fraud search, public records search and Social Security number verification are returned to you instantly, with additional information available to you within hours.

The Kroll Factual Data Advantage

Kroll Factual Data's secure internet-based system allows for easy access and ordering, saving you valuable time. Combining our efficient web-based platform with unrivaled access to public domain databases provides you with accurate information on your applicants quickly and securely.

What EMPFacts Verifies:

Primary Identification

Our **QuickID** service provides address history, employment history, fraud search, public records search, Social Security number search and a financial summary.

Criminal History

Criminal searches are available from county, state and federal records. Canadian searches are also available.

Education

Education verification includes dates of attendance, area of study and degree earned.

Employment

Employment verification includes dates of employment, job title, term of employment and salary information.

Motor Vehicle Record

Driving record information provided for the state of residence, including violations, date issued, date expires, class of license and restrictions.

Professional Licenses

Professional licenses verified with license type and number, state and date issued, and expiration date.

Personal and Professional References

Reference responses to questions about the applicant including how long acquainted, applicant strengths and weaknesses, and employment recommendation.
